

Dear guests!

If you arrive (by ferry from Split) in Vela Luka, you'll see soon the big market TOMMY. There you could find everything!

Go ahead some 100 meters until you see the small sign **Nova, Potirna** on the right side. Here you turn right and drive through olive fields and forest.

At the next cross you will see the sign "Karbuni", here turn left. After about 1 km it's written **Karbuni** - turn right. 1 km later you'll come on the top of a little hill and you'll be sure surprised about the beautiful view on the blue sea!!!! 😊

Now it goes down until the first house (light green). Here you turn strongly right, where you see the sign ZAGLAV. After about 300m (near the garbage containers on the right side) a narrow, very steep road leads down to the sea. Follow this road and after about 500m you'll arrive!!!! The houses SASA and BEBA are the first and second on the left. They are painted in apricot / pink and have green window shutters and awnings. The parking is right under the houses.
